

COMPARISON BETWEEN CONTINENT CONSUMPTION AND RENEWEABLE POWER GENERATION

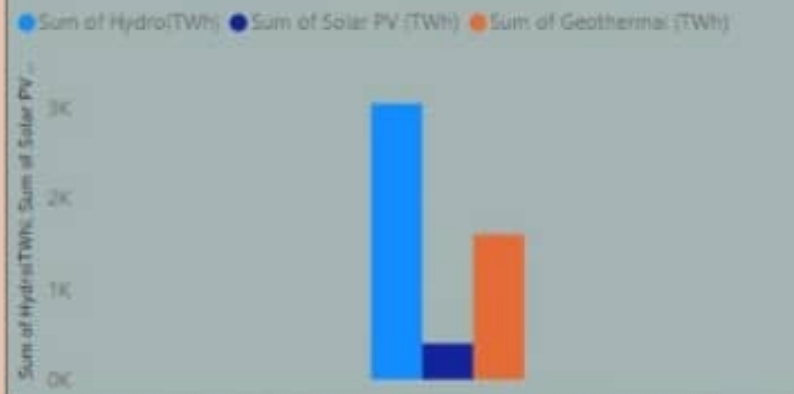

The Contribution of Hydro(TWh), Geothermal(TWh), Biofuel(TWh) and Solar PV (TWh) from the non renewable power generation(TWh)

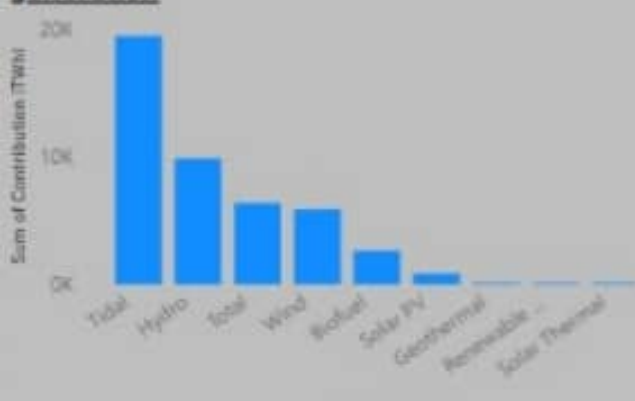

The Consumption of Czechia and Colombia by the top Country power generation

Comparision between Geothermal (TWh), Hydro(TWh) solar pv(TWh)

Comparison between renewable power generation and renewable total power generation

power generation of Geothermal (TWh), Solar PV (TWh), Biofuel(TWh) and Hydro(TWh) by top20 Countries
